

STUDENT EMPLOYAY

Introduction

- 1 The Employability Service Policy of The University of Law (the University) has been developed in accordance with the Quality Code for Higher Education, specifically the Advice and Guidance for Enabling Student Achievement. The Quality Code is the definitive reference point for all UK higher education institutions and sets out how academic standards are established and maintained and how the quality of learning opportunities are assured and enhanced. This policy sits within the University's Quality Code, which is designed to safeguard the academic standards of the University and to assure the quality of learning opportunities offered; this policy should therefore be read in conjunction with other relevant policies within the Code.
- 2 This policy is also informed by the Office for Students Regulatory Framework, specifically Condition B2.
- 3 The University of Law (the University) recognises that central to this policy is the University's responsibility for the academic standards of all awards granted in its name and the quality of learning opportunities for students. This policy sets the framework within which the University works to enable student development and achievement in the area of Employability.
